

CALL FOR CLINICAL CASES MIS GLOBAL CONFERENCE

September 12-15, 2024 | Palma de Mallorca, Spain

Dental Implantology 2024: Clinical Applications, Concepts, Materials and Technologies in Contemporary Patient Care

In the spirit of discovery, scientific research and continuing innovation, the MIS Global Conference is sure to uphold the high standards of all those that came before, and deliver an unforgettable and eye-opening program. As part of the event, we are pleased to continue the MIS tradition of holding a clinical case competition, which will be presented during the event. Clinicians are invited to submit their clinical cases, clinical procedures or clinical studies.

Eligibility

To submit an abstract, the following criteria must be met:

1. Participants are encouraged to utilize MIS products in their cases, as their use is preferred and aligns with the objectives of this contest.
2. The abstract should detail the patient's gender, age, relevant medical and dental history and treatment goal.
3. The written text should include:
 - a. No more than 5 sentences describing the treatment/technical innovation in addition to the legends of the figures.
 - b. Each figure should have a short description explaining the picture. Maximum of 30 figures.
4. The case should include:
 - a. Pre & post-operative photographic and radiographic images.
 - b. Details of relevant Clinical steps (intra & extra oral).
 - c. Extra lower-face images and smile analysis for cases in the aesthetic zone.
5. High quality radiographic and clinical documentation. It is encouraged to integrate a high quality video documentation (MP4 up to 5 minutes).

CALL FOR CLINICAL CASES

MIS GLOBAL CONFERENCE

September 12-15, 2024 | Palma de Mallorca, Spain

Optional cases for submission

- Immediate Loading
- Immediate post extraction placement (with / without immediate loading)
